PROFIBUS

'One for all' EXPO

Technology Forum & Exhibition

3 March 2010 Perth Convention Exhibition Centre, WA Admission: FREE

Invitation

Profibus 'One for all' EXPO • Wednesday 3rd March 2010 • Commencing 8.30am
Perth Convention Exhibition Centre, 21 Mounts Bay Road, Perth (08) 9338 0300

The PROFIBUS Association of Australia (PAA) is delighted to announce the PROFIBUS 'One for all' Technology Forum and Exhibition, to be held at the Perth Convention Exhibition Centre, Perth on the 3rd March 2010.

This important event on the PAA calendar is designed to be an informative and interactive information exchange between users, engineers, product vendors and industry experts. There will be no entry fee!

PROFIBUS is clearly the world's market leader in Fieldbus technology with over 25 million nodes installed in manufacturing and process plants worldwide. At the core of this success story is the PROFIBUS 'One for all' design philosophy which ensures its suitability across all industries and applications.

This event will provide visitors with an opportunity to participate in the Technology Forum and mix casually with PROFIBUS experts and representatives from the major vendors.

Whether you are a Design Engineer, Process Engineer, Technician or Operator of a plant that uses, or intends to use, PROFIBUS, this event will help you find out more about the technology and identify ways to optimise your plant.

Technology Forum – Level 2, Meeting Room 6

Meet face to face with industry experts who are at the cutting edge of the PROFIBUS technology revolution. Hear their views on the issues and major developments now shaping the fieldbus evolution. This Forum is your opportunity to exchange views with these experts on specific topics of interest that will help you get the most from your technology.

Technology Fair – Level 2, Meeting Room 7

Leading PAA members and other vendors will be displaying their latest technologies in an interactive environment, demonstrating the power of PROFIBUS at all levels of the plant.

From drives, instrumentation, PLC, DCS, motor starters, sensors etc, vendors will demonstrate how PROFIBUS provides users with a common communication technology for all requirements.

Timetable:

08.30am – 09.00am	Welcome Coffee/Tea	12.05pm – 12.35pm	PROFIBUS PA Engineering and Installation (Jonathan Soanes)
09.00am – 09.30am	PROFIBUS overview – 'One for all' (John Immelman)	12.35pm – 13.15pm	Lunch
09.35am – 10.15am	Wang Components presents 'Efficiency improvements using Profibus' Allan Brady (Wang Components)	13.15pm – 14.00pm	User experience
10.15am – 10.45am	Mid-morning tea break	14.05pm – 14.35pm	Next generation diagnostic tools (Vladimir Vukovic)
10.45am – 11.15am	Safety Fieldbus for Process Applications (Marek Lisik)	14.40pm – 15.00pm	Mid-afternoon tea break
11.20am – 12.00pm	User experience	15.00pm – 15.45pm	Redundant Profibus PA helps increase productivity at Rio Tinto's Further Fines Processing Plant Ed Tsang (Rio Tinto Iron Ore)
		15.50pm – 16.30pm	Meet the experts

Entrance: Free of Charge

Parking: Perth Convention Exhibition Centre & the city www.pcec.com.au

The Technology Fair - Exhibitor's Costs: Limited to 2 tables per exhibitor.
